

SHWETA PATEL

SAP ABAP Developer

Jabalpur, Madhya Pradesh, India | +91-7879258597 | shweta0712jbp@gmail.com | LinkedIn | Github

PROFESSIONAL SUMMARY

SAP ABAP Developer with 1 year+ of hands-on experience developing custom reports, ALV outputs, OData services, and automation programs (BDC/BAPI) across FI, MM, and PP modules. Resolved 100+ AMS support tickets for global clients including Walvoil, Sonic, GNA Digit, SimpAudit, iVIM, and JPL, and built OData services integrated with PostgreSQL to power real-time BI dashboards for Sales, Manufacturing, Procurement, and Rebate reporting. Brings a strong foundation in core ABAP concepts along with prior full-stack development experience (Java, Python, React), enabling faster debugging and cross-functional collaboration.

TECHNICAL SKILLS

- **SAP ABAP:** RICEFW, OData, Reports (Classical, Interactive, ALV), Dialog Programming, BDC, BAPI, User Exits, Customer Exits, Implicit/Explicit Enhancements, Smart Forms, SAP Scripts, Table Maintenance Generator (TMG), Debugging
- **Data Dictionary:** Tables, Structures, Views, Search Helps, Lock Objects
- **Other Languages:** Java, Python, C++, SQL
- **Tech Stack:** HTML, CSS, JavaScript, MySQL, Git
- **Frameworks:** Django, Spring Boot, ReactJs
- **Tools:** SAP GUI, VS Code, GitHub, Eclipse

WORK EXPERIENCE

SAP ABAP Developer | BSC Global Pvt Ltd

[Jun 2025 – Present]

- Developed custom ABAP reports, ALV outputs, and automation programs including invoice posting, bank CSV uploads, and AP process automation using BDC and BAPIs.
- Implemented enhancements, user exits, and implicit/explicit enhancements to modify standard SAP behavior without impacting core functionality.
- Optimized program performance through efficient database access, debugging, and code refactoring, ensuring stable and timely delivery.
- Worked on multiple SAP ABAP client engagements, delivering customized FI and MM solutions (see Projects below).

Junior Software Developer | RAK Softech Pvt Ltd

[Dec 2024 – Jun 2025]

- Developed RESTful APIs for employee management with secure JWT-based authentication.
- Built responsive front-end interfaces using HTML, CSS, and JavaScript, ensuring cross-device compatibility.

Python Developer Intern | Teknikoz

[Oct 2024 – Dec 2024]

- Built and maintained web applications using Django and MySQL with a focus on clean, efficient code.

SAP ABAP PROJECTS

Walvoil AMS Support

[Ongoing]

- Delivered end-to-end AMS support handling 60+ tickets across SD, MM, FI, and PP – developed upload programs (LR details, material master updates), custom reports (ZPACK, ZCMR_REP, ZBOMSTS, ZDEL_BLOCK), and Table Maintenance Generators (TMG).
- Automated email alerts for sales, production order changes, and delivery blocks, cutting manual follow-ups; enhanced smart forms and enforced key business validations (PO restrictions, MIRO posting checks, batch assignment).

Sonic BI – OData & Dashboard Integration

[Client Project]

- Developed OData services powering Sales Performance, Manufacturing, Procurement, and Rebate dashboards for management reporting.
- Integrated PostgreSQL with SAP to enable real-time data connectivity for BI dashboards.

Sonic AMS and PP

[Client Project]

- Implemented QR code generation through SAP and an approval workflow for transaction F-47.
- Resolved ABAP runtime errors and enhanced Import PO/Import Shipment processing logic.

SimpRecon – Financial Reconciliation

[Client Project]

- Built a BAPI-based automation for FB60 posting and developed a GL vs. Subledger balance reconciliation report.
- Created an OData service for the OB52 report to support account reconciliation workflows.

SIMPAUDIT – OData Services & Workflow

[Client Project]

- Developed OData services for a User Management Workflow to support audit and access-control requirements.
- Built a custom PFCG-based report/object to streamline role management changes.

GNA Digit – Procurement & Vendor Automation

[Client Project]

- Automated Purchase Requisition creation for raw material shortages using SAP BAPI.
- Built Vendor Portal integration for vendor payment display and GRN processing.

iVIM & JPL Sh AMS

[Client Project]

- Automated MIR7 (invoice parking) process and enabled document attachment display during invoice posting.
- Developed an API for LIMS process integration (JPL Tamnar & Shirpur) and enhanced tag printing and vendor master reports for shop-floor operations.

EDUCATION

B.Tech – Computer Science and Engineering

[2020 – 2024]

Shri Ram Institute of Technology, Jabalpur

CGPA: 8.4

CERTIFICATIONS

SAP ABAP, OOPS, CROSSAPP, WEBDYNPRO, WORKFLOW, ABAP on HANA – Udemy (206 hrs, Instructor: Dilbag Singh)

[View Certificate](#)

EXTRACURRICULAR ACTIVITIES

- State Level Basketball Player (Gold Medalist)
- NCC Cadet – Attended Rock Climbing Camp (National Camp, 4MPCTR-2024)
